Projects

(you can view on click at Project Name)

Vakalat

- Developed Vakalat.com, a legal platform providing advocate listings, case updates, legal resources, and a seamless client-advocate interaction system.

Surat District Bar Association

- Built an app for Surat District Bar Association with a searchable Advocates List, Govt. Noticeboard, Events, Committee Details, Legal PDFs, and Advocate Profile Management.

Manjha

- Manjha, based on the Kolkata fish industry, features Add to Cart & Order Management, View Orders, an AI Model for Queries, Premium Access, Healthcare Products, Fish Feed, Live Comments, and more.

Express Courier

- Developed a feature-rich app for 4 Way Express Courier with Google Maps & Waze integration, real-time tracking, pickup management, and undeliverable item handling.

Projects I have worked on are currently live on the Play Store:

(clickable)

- **RB Cab**
- **Cashbook**
- **Expense Tracker**
- **Gym Management**
- **Fees Management**

Currently Working on Projects

- Currently working on international-level projects: **iCheck, Xinxx, Big Click, Xentry, CampusDekho, OLX Mini**, which focus on hotel bookings, police broadcasting, college managements, e-commerce and various other features to enhance user experience and functionality.
- In addition, I am also contributing to a project called **Fast Agreements**, which aims to provide a comprehensive solution for creating all types of agreements, complete with user-friendly graphical UI interfaces.
